(March 22, 2023) – On the heels of a whirlwind debut that included a GRAMMY® Award nomination for his first-ever single, #1 debuts on multiple charts, television performances, and sold out shows over a two-year span, **Mammoth WVH** is back with its sophomore album *Mammoth II*. The 10-track record will be available worldwide on August 4, 2023 via the band's new label, BMG. Recorded at the legendary 5150 studio, the album was produced by friend and collaborator Michael "Elvis" Baskette. *Mammoth II* is available for pre-order in multiple configurations here: <https://MammothWVH.lnk.to/MammothIIPR>.

Continuing the tradition of writing all of the songs and performing all of the instrumentation and vocals himself, Wolfgang Van Halen set out to challenge himself to expand his sound beyond what people had already come to know him for. From the rocking opener "Right?" to the Beatles-esque fade on closer "Better Than You" *Mammoth II* showcases the growth of Wolfgang as a songwriter, musician and especially vocalist. Songs like "Like A Pastime," "Take A Bow" and "Waiting" are all sonically different from each other but unique to what mastermind Wolfgang Van Halen and **Mammoth WVH** is. The debut single from *Mammoth II* is the upbeat rocker "Another Celebration At The End Of The World." The single is currently impacting radio and the music video for "Another Celebration At The End Of The World" is an 8:25 introduction to the **Mammoth WVH** live band. Picking up where the #1 single "[Don't Back Down](#)" music video left off, the new video showcases a frustrated Wolfgang firing the other Wolfgang's from that video and replacing them with his now notorious live band featuring Frank Sidoris (guitars), Jon Jourdan (guitars), Ronnie Ficarro (Bass) and Garrett Whitlock (drums). The video was directed by Gordy De St. Jeor and can be seen here: <https://youtu.be/yIQH0HcdQnE>.

"I knew that I wanted the new album to contain elements of what people heard on the debut, but also give me a chance to branch out a bit. 'Another Celebration At The End Of The World' is definitely a song that showcases what people can expect from the new album. It is a high-energy rocker with some fun guitar moments on it. I also pushed myself vocally and it is a song I can't wait to get out and play live. I can see it being a fixture in our live set moving forward," explains Wolfgang Van Halen

The track listing for *Mammoth II* is:

1. Right?
2. Like A Pastime
3. Another Celebration At The End Of The World
4. Miles Above Me
5. Take A Bow
6. Optimist
7. I'm Alright
8. Erase Me
9. Waiting
10. Better Than You

Mammoth WVH is planning to tour around the globe in support of *Mammoth II*. The live band – comprised of Wolfgang Van Halen, Frank Sidoris, Jon Jourdan, Ronnie Ficarro and Garrett Whitlock - is currently on the second leg of the US tour supporting Alter Bridge before moving to another massive tour playing alongside Metallica, which features Canadian stops at Montreal's **Olympic Stadium** on August 11, 2023 and Edmonton's **Commonwealth Stadium** on August 23, 2024. **Mammoth WVH** will also be making various festival appearances around the globe as well as headline stops going into 2024. More dates will be announced in the near future. Tickets for all **Mammoth WVH** appearances can be found here: <https://www.mammothwvh.com>.

About Mammoth WVH:

With his solo band Mammoth WVH, Wolfgang Van Halen consistently challenges himself as a songwriter, vocalist, multi-instrumentalist, and producer. After a monumental breakthrough - with a GRAMMY® Award nomination for his first-ever single, #1 debuts on multiple charts, television performances, and sold out shows over a two-year span - Mammoth WVH's self-titled debut sent shockwaves through 21st century rock music.

Mammoth WVH bowed at #1 on the *Billboard* Independent Albums Chart, Top Hard Rock Albums Chart, and Top Rock Albums Chart in addition to crashing the *Billboard* 200 at #12. He notched two #1 one entries at Rock Radio with "Don't Back Down" and "Distance." The latter also garnered a GRAMMY® Award nomination in the category of "Best Rock Song." He appeared on *The Howard Stern Show*, *NBC News TODAY*, *Jimmy Kimmel Live* and on the cover of *Guitar World* where they dubbed him Guitarist Of The Year. *Loudwire* cited *Mammoth WVH* as one of "The 45 Best Rock + Metal Albums of 2021," while *Classic Rock* rated it "4-out-of-5 stars" and *People* proclaimed, "With *Mammoth WVH's* head-banging tracks and personal lyrics, Wolfgang successfully introduces himself as his own person." The band supported Guns N' Roses in stadiums stateside and Alter Bridge in arenas across the pond, while also headlining coast-to-coast in North America. Not to mention, he lit up the stage at the Taylor Hawkins Tribute Concerts in London and Los Angeles at the invitation of Dave Grohl himself.

Instead of choosing to settle on his breakout success, he consciously tested himself to further develop his sound from every angle on his second full-length offering, *Mammoth II* [BMG]. Coming out swinging, the hooks hit harder, the riffs roar louder, and the lyrics cut deeper as he delivers an urgent, undeniable, and unforgettable 10-song body of work.
